**XVI** INTERNATIONAL  
SCIENTIFIC AND PRACTICAL  
CONFERENCE

GEOLOGY, PROSPECTING, EXPLORATION  
AND EVALUATION FOR DIAMONDS AND PRECIOUS  
AND BASE METAL DEPOSITS

**TsNIGRI**  
**Conducts on April 13–16, 2027,**  
**XVI INTERNATIONAL SCIENTIFIC AND PRACTICAL**  
**CONFERENCE GEOLOGY, PROSPECTING,**  
**EXPLORATION AND EVALUATION FOR DIAMONDS**  
**AND PRECIOUS AND BASE METAL DEPOSITS**

## CONFERENCE TOPICS

- ▲ Minerageny and mineral resource base of diamonds, precious and base metals (DPBM)
- ▲ Geological structure of DPBM deposits
- ▲ Priority areas for targeting and exploration work at DPBM
- ▲ Promising targets for geological exploration of DPBM at various stage
- ▲ Experience and results of geological exploration of DPBM in allocated and unallocated license areas
- ▲ Scientific and methodological foundations for targeting, prospecting, and evaluation of DPBM deposits
- ▲ Development and use of integrated deposit models for targeting, prospecting, evaluation and exploration of DPBM
- ▲ Development and application of innovative geophysical, geochemical, and remote sensing methods, techniques, and technologies for geological exploration
- ▲ Mineralogical and geochemical features and physicochemical conditions for the formation of DPBM deposits

## CONFERENCE SESSIONS

- ▲ Precious Metal Deposits Session
- ▲ Diamond Deposits Session
- ▲ Non-Ferrous Metal Deposits Session
- ▲ Porphyry Copper Deposits Session
- ▲ Strategic Metals Session
- ▲ GIS Session
- ▲ Mineral Resources Session

The number and names of Sessions will be determined based on the number of applications submitted

## SUPPORT

The conference is held with the support of the Federal Agency for Mineral Resources Management, the Russian Academy of Sciences, the Russian Geological Society, and the Association of Geological Organizations

## NOTE

Employees of Rosnedra, geological exploration companies, mining companies, industry research institutes, academic institutions, and universities are invited to participate in the Conference.

Conference format includes Plenary Session, Oral and poster presentations at thematic sessions, Online presentations. It is planned to broadcast Sessions by the "Geowebinars" project. The official conference languages are Russian and English.

To participate in the conference, please complete the registration form at **conf.tsnigri.ru**. Abstracts of papers will be published in the conference proceedings in their original form at the beginning of the event and will subsequently be posted in the **Elibrary** system. Selected papers, based on the decision of the conference organizing committee, will be recommended for publication in the journals "Ores and Metals" and "Domestic Geology", both included in the Higher Attestation Commission (HAC) list.

The Organizing Committee reserves the right to reject abstracts that are not submitted in accordance with the requirements and are not related to the conference topic, and to make changes to the conference dates and abstract submission deadlines.

The program will be published on the conference website and sent electronically to registered participants. Participant registration and abstract submission are available on the conference website: **conf.tsnigri.ru**
